

# JESSICA SARKAR

Software Engineer

## SUMMARY

Highly logical and flexible developer with a passion for determining efficient solutions to complex problems. Proven track record of creating and implementing successful front and back-end web applications. Excels in managing multiple projects and tackling new tasks as priorities shift.

## WORK EXPERIENCE

### Software Engineer at 100devs, Remote

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

#### Current Project:

**Shelf Control (Fullstack Web App)** - A web app to help book clubs organize and choose their next book with functionality to allow members to suggest books in real-time and vote.

### Freelance Full Stack Web Developer | Baton Rouge, LA

January 2022 — Present

Created full-stack web applications and static websites for different clients across small and medium-size businesses. Also, consulted on SEO and social media strategy. Some clients included:

The Brow Society - [www.mybrowsociety.com](http://www.mybrowsociety.com)

### Office Manager at Jenn Ocken Photography | Baton Rouge, LA

September 2013 — Present

Responsible for all aspects of the business, such as supervising interns, coordinating with other employees, compiling tax reports, and handling all communication with clients.

## VOLUNTEERING

### Co-organizer of Google Developer Group | Baton Rouge, LA

March 2022 — Present

Help organize monthly meetings of local tech professionals as well as a weekly study group.
